

Be On The Lookout for an Exciting Educational Event...

## "A Conversation About Culture"

Wednesday, April 19, 2006

9-11 a.m., LMH Auditorium

(Registration is not required)

The Diversity Office is proud to sponsor an informational event to help staff deliver culturally competent care and understand the cultural tendencies of the diverse patients that we serve every day. **"A Conversation About Culture"** will showcase a panel of cultural "experts" representing the countries of origin of the patients that we encounter most frequently. In an effort to make this event more meaningful for staff, we are soliciting questions that you would like to see addressed during this forum. Please send to [nancy.izydorczyk@leememorial.org](mailto:nancy.izydorczyk@leememorial.org) by **March 29, 2006**. Please take advantage of this opportunity to submit cultural questions that you've always wanted to know the answers to but never felt comfortable to ask. Sources will remain anonymous and all questions will be expressed in a manner that is respectful to everyone in attendance.
